EXPERIENCE

AI4ALL

Sep 2025 – Mar 2026

Ignite Fellow

- Collaborated with peers and mentors to design and implement an AI/ML portfolio project focused on renewable energy innovation, addressing real-world environmental challenges.
- Engaged in workshops on responsible AI and professional development, gaining technical, ethical, and career readiness skills.

African American Policy Forum

July 2025 – Present

Young Scholar Researcher

- Conduct research on policy advocacy within Black girls', young women's, and gender expansive youths' wellness.
- Receive 1:1 mentorship from Dr. Lauren Mims to analyze the implications of AI in marginalized communities.

Girls Who Code

Aug 2023 – Present

Student

- Completed the Girls Who Code Summer Immersion Program, creating games sponsored by Travelers Insurance.
- Advancing skills in web development, data science + AI, and cybersecurity through the self-paced program.

Tech Prep Internship

Aug 2023 – May 2024

Intern

- Repaired over 50 Chromebook LCDs, batteries, and keyboards daily; provided help desk support resolving 10 issues/day.
- Managed Chromebook OS operations, including de-pairing/de-provisioning for 500+ students.

PROJECTS

Personal Website | *HTML, CSS, JavaScript*

- Built a personal website using Replit and AI coding tools (Cursor) to showcase projects, interests, and achievements.

Personality Quiz | *HTML, CSS, JavaScript*

- Developed an interactive quiz using DOM and event listeners to capture and display user input.

Movie Night Budget Calculator | *Java, HTML, CSS, JavaScript*

- Created a Java-based web app for movie night budgeting, assisted by Cursor for HTML/CSS design.

LEADERSHIP

Hands of Wentworth

Sep 2025 – Present

Vice President

- Coordinate partnerships with local food banks and lead fundraising initiatives for food and hygiene bag distribution.
- Oversee event planning and execution, fostering community engagement and impactful outreach.

Notion

Sep 2025 – Present

Campus Leader

- Represent Notion at Wentworth by hosting workshops, events, and resources to improve student productivity.
- Collaborate with Notion's global Campus Leader network to build community and expand campus impact.
